Chief of Logistics

Acting Chief, General Services Office

Proposed Building for CIA Records Center

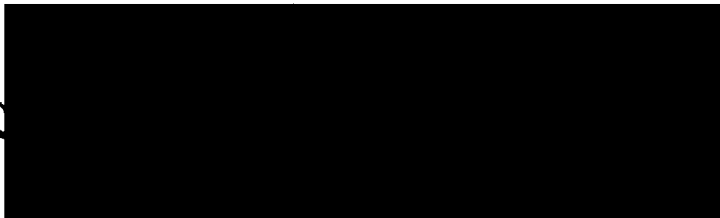

*no comment
10-1-53*

REFERENCE: Confidential memorandum of Chief of Logistics
same subject, dated 24 July 1953.

Following a review of the material related to the proposed construction of a Record Center at [REDACTED], the office of the DD/A has requested certain additional information and that some further consideration be given to economies in the construction work. In the referenced memo you indicated that construction of a building of several levels at this location would be considerably more economical. It will be appreciated if you will prepare an estimate in accordance with this change in design in order to establish the amount of such savings and to evaluate the savings in terms of the consequent service problems.
